

Safety Data Sheet

DIAMOND GLAZE

24 October 2017

1 Identification of the substance/mixture and of the company/undertaking

- 1.1 Product Identifier Product Name: DIAMOND GLAZE
- Item codes and description of products sold:
- | | | |
|----------------|--|-------------------|
| GP005 | 2 fl oz white bottle with dispensing cap | UPC: 760164001304 |
| GP008 | 8 fl oz "Economy Size", white bottle with dispensing cap | UPC: 760164001342 |
| GP009 | 16 fl oz "Refill", white plastic bottle | UPC: 760164001359 |
| GP024 or GTB24 | 10 ml white squeeze bottle with dispensing cap | UPC: 760164100656 |
- 1.2 Recommended use of chemical and restrictions on use: Craft Glue
- 1.3 Supplier Name JudiKins, Inc. Emergency Telephone
 17803 South Harvard Boulevard (CHEMTREC) 1-800-424-9300
 Gardena, California 90248
 1-310-515-1115

2 Hazards Identification

- 2.1 Classification This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).
- 2.2 Label Elements – Emergency Overview Statement Not Hazardous. The product contains no substances which at their given concentration, are considered to be hazardous to health
- 2.2.1 Label Elements According to Regulation (EC) No. 1272/2008 (CLP)
 GHS Product Identifier (EU): None Signal Word(s): None
 Hazard Pictogram: None Hazard Statement: None
 Precautionary Statement: None
- 2.2.2 Label Elements According to directive 67/548/EEC & Directive 1999/45/EC
 Hazard Symbol: None Risk Phrases: None Safety Phrases: None
- 2.3 Other Hazards GHS Classification (USA)
 Not Hazardous under OSHA Hazard Communication Standard
 HMIS: Health – 0, Flammability – 0, Reactivity – 0
- Precautionary Statement - Prevention: Avoid breathing vapor or mist. Do not get in eyes, or clothing. Use personal protection as required. Wash face, hands and exposed skin thoroughly after handling.
- Precautionary Statement – Response: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- 2.4 Hazards not otherwise classified: Unknown acute toxicity: 46% of mizture consists of ingredient(s) of unknown toxicity.

3 Composition/Information on Ingredients

3	COMPONE	CAS#	CONCENTRATIO	OSHA PEL	ACGIH TLV	LD50	LC50
	NT		N				
	Water	7732-18-5	52-56%	Not Established	Not Established	Not Established	Not Established
	Acrylic Resin	Proprietary	44-48%	Not Established	Not Established	Not Established	Not Established

This product does not contain any material regulated as a carcinogen by OSHA, IARC, NTP or ACGIH

4 First Aid Measures

- 4.1 First Aid Measures
- | | |
|--------------|---|
| Eye Contact | Move individual away from exposure. Immediately flush eyes with large quantities of clean water for at least 15 minutes. Get immediate medical attention |
| Skin Contact | Wash off immediately with soap and plenty of water. Take off contaminated clothing and wash before reuse. Get medical attention if irritation develops or persists. |
| Inhalation | Remove person to fresh air. If signs/symptoms continue, get medical attention. |
- 4.2 Most important symptoms and effects, both acute and delayed
Most important symptoms and effects: None Known.
- 4.3 Indication of any immediate medical attention and special treatment needed
Notes to Physician: Treat symptomatically

5 Fire-Fighting Measures

- 5.1 Suitable Extinguishing Media Carbon dioxide (CO₂), Foam, Dry chemical, Water spray
Unsuitable Extinguishing Media None.
- 5.2 Specific hazards arising from the chemical No information available.
Hazardous combustion products Carbon monoxide, Carbon dioxide (CO₂)
Combustion/Explosion Hazards This material will not burn unless it is evaporated to dryness. Closed containers may rupture when exposed to extreme heat.
- 5.3 Protective Equipment and Precautions for Firefighters:
Wear self-contained breathing apparatus (SCBA) and full fire-fighting protective clothing. Thoroughly decontaminate all protective equipment after use. Evacuate all persons from the fire area to a safe location. Move non-burning material, as feasible, to a safe location as soon as possible. Fire fighters should be protected from potential explosion hazard while extinguishing the blaze. Use water spray to cool fire-exposed containers.
Wear self-contained breathing apparatus (SCBA) and full fire-fighting protective clothing. Thoroughly decontaminate all protective equipment after use. Evacuate all persons from the fire area to a safe location. Move non-burning material, as feasible, to a safe location as soon as possible. Fire fighters should be protected from potential explosion hazard while extinguishing the blaze. Use water spray to cool fire-exposed containers.

6 Accidental Release Measures

- 6.1 Personal precautions, protective equipment and emergency procedures
Personal Precautions Use personal protective equipment as required. Ensure adequate ventilation. Keep people away from and upwind of spill/leak entering drains. Do not flush into surface water or sanitary sewer system.
- 6.2 Environmental Precautions Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.
- 6.3 Methods and material for containment and cleaning up
Methods for Containment: Prevent spilled material from 1) contaminating soil, 2) entering sanitary sewers, storm sewers, and drainage systems, and 3) entering bodies of water or ditches that lead to waterways. Prevent spreading over a wide area (e.g. by containment or oil barriers).
Methods for Clean-up: Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).

7 Handling and Storage

- 7.1 Precautions for Safe Handling: Avoid breathing vapors or mists. Ensure adequate ventilation. Avoid contact with eyes, skin and clothing. Take off contaminated clothing and wash before reuse. Wash hands before breaks and immediately after handling the product.
- 7.2 Conditions for safe storage, including any incompatibilities
Storage: Keep from freezing. Keep container tightly closed. Keep in a dry place.
Incompatibilities: None

8 Exposure Controls/Personal Protection

8.1	Exposure Limits:	Contains no substances with occupational exposure limit values
8.2	Engineering Controls:	Good general ventilation should be sufficient to control airborne levels of irritating vapors. Local ventilation may be required during certain operations.
8.3	Individual protection measures, such as personal protective equipment	
	Eye/face Protection	Safety glasses with side-shields. If splashes are likely to occur: Tight sealing safety goggles. Ensure that eyewash stations and safety showers are close to the workstation location.
	Skin Protection	Gloves made of nitrile rubber. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion. Long sleeved clothing.
	Respiratory Protection	None required if hazards have been assessed and airborne concentrations are maintained below the exposure limits listed in Section 8. Wear an approved air-purifying respirator with particulate filters where airborne concentrations may exceed exposure limits in Section 8
	General Hygiene Considerations	Handle in accordance with good industrial hygiene and safety practice.

9 Physical and Chemical Properties

Appearance	Milky White
Odor	Mild Ammonia
Odor Threshold	No information available
Physical State	Liquid
pH	6.5 - 8
Flash Point	No information available
Autoignition Temperature	Not available
Boiling point / boiling range	> 100 °C / 212 °F (Water)
Melting point / Freezing point	No information available

10 Stability and Reactivity

10.1	Reactivity	Not Applicable
10.2	Chemical Stability	Stable under normal conditions.
10.3	Possibility of Hazardous Reactions	None known
10.4	Hazardous Polymerization	Hazardous polymerization does not occur.
10.5	Conditions to Avoid	Freezing temperatures.
10.6	Incompatible materials	Same as Water
10.7	Hazardous Decomposition Products	Carbon monoxide (CO). Carbon dioxide (CO ₂). Hydrocarbons.

11 Toxicological Information

11.1	Primary Routes of Entry:	Skin Contact, Ingestion, Inhalation, Eye contact
	Acute toxicity:	No information available
	Symptoms:	No information available.
11.2	Delayed and immediate effects as well as chronic effects from short and long-term exposure	
	Eyes:	Mild eye irritant.
	Skin:	Skin irritant. Repeated exposure may cause skin dryness or cracking.
	Inhalation:	Inhalation of vapors in high concentration may cause irritation of respiratory system.
	Ingestion:	Ingestion (swallowing) may irritate the mouth, throat and stomach. Ingestion is not an anticipated route of exposure for this material in industrial use.
11.3	Corrosivity:	Not corrosive.
	Sensitization:	Not sensitizing.
11.3	Mutagenic effects:	No information available.
	Carcinogenicity NTP:	NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP. IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA

Safety Data Sheet – Diamond Glaze

11 Toxicological Information (Continued)

11.4	STOT - single exposure:	No information available
	STOT - repeated exposure:	No information available.
	Neurological Effects:	No information available.
11.3	Target organ(s):	None known.
11.3	Aspiration Hazard:	No information available.
11.3	Numerical measures of toxicity:	Unknown acute toxicity 46.1% of the mixture consists of ingredient(s) of unknown toxicity.

12 Ecological Information

12.1	Ecotoxicity	No information available.
12.2	Persistence/Degradability	No information available.
12.3	Bioaccumulation	No information available.
12.4	Other adverse effects	No information available.

13 Disposal Considerations

13.1	Waste Treatment Methods Disposal Considerations	NOT A RCRA HAZARDOUS WASTE: When discarded in its purchased form, this material would not be regulated as a RCRA Hazardous waste under 40 CFR 261.
13.2	Contaminated packaging:	Empty containers should be taken for local recycling, recovery or waste disposal.
13.3	US EPA Waste Number	Not applicable

14 Transportation Information

DOT	NOT REGULATED
TDG	NOT REGULATED
MEX	NOT REGULATED
IATA	NOT REGULATED
IMDG/IMO	NOT REGULATED

15 Regulatory Information

15.1	U.S. Federal Regulations	
15.1	TSCA 12(b) - Export Notification:	This material does not contain any components that are subject to the US Toxic Substances Control Act (TSCA) Section 12(b) Export Notification requirements.

16 Other Information

16.1	NFPA Rating:	Health 1	Flammability 1	Instability 0
------	--------------	----------	----------------	---------------
